

Tsuneo Yoshikawa

2021.06.06

Personal Data

Professor Emeritus, Kyoto University

Visiting Senior Researcher

Research Organization of Science and Engineering

Ritsumeikan University

Kusatsu, Shiga 525-8577, Japan

Phone: +81-77-561-5919

E-mail: tsuneo.yoshikawa@nifty.com

Web Page: <http://tsuneo-yoshikawa.my.coocan.jp>

Education

Bachelor of Engineering: March 1964

Department of Precision Machinery, Faculty of Engineering, Kyoto University

Master of Engineering: March 1966

Department of Precision Machinery, Graduate School of Engineering,
Kyoto University

Doctor of Engineering: September 1969 (degree awarded)

Graduate Student in Doctor Course (April 1966-March 1969)

Department of Applied Mathematics and Physics, Graduate School of
Engineering, Kyoto University

Work History

Assistant Professor (April 1969 - May 1970)

Department of Applied Mathematics and Physics, Faculty of Engineering,
Kyoto University

Associate Professor (June 1970 – July 1986)

Automation Research Laboratory, Faculty of Engineering, Kyoto University
Professor (July 1986 – May 1989)

Automation Research Laboratory, Faculty of Engineering, Kyoto University
Professor (June 1989 – May 1991)

Department of Applied Systems Science, Faculty of Engineering,

Kyoto University
Professor (May 1991 – March 1994)
Department of Mechanical Engineering, Faculty of Engineering,
Kyoto University

Professor (April 1994–March 2005)
Department of Mechanical Engineering, Graduate School of Engineering,
Kyoto University

Professor Emeritus (April 2005)
Kyoto University

Professor (April 2005–March 2012)
Department of Human and Computer Intelligence, College of Information
Science and Engineering, Ritsumeikan University

Concurrent Appointments

NRC Postdoctoral Resident Research Associate (December 1973–September 1975, and
May 1977–June 1977)
Marshall Space Flight Center, NASA, USA

Associate Professor (January 1982 – March 1987)
Institute of Space and Astronautical Science

Professor (April 1987 – March 1988)
Institute of Space and Astronautical Science

Awards and Honors

1. Best Paper Award (August 1975)
Society of Instruments and Control Engineers
“Minimal-Order Optimal Filters for Linear Discrete-Time Systems,” Tsuneo Yoshikawa, Trans. Society of Instrument and Control Engineers, vol.9, no.5, pp. 588-594 (in Japanese), (1973).
2. Sawaragi Memorial Best Paper Award (May 1982)
Japan Automatic Control Society
“Decentralized Control of Moving Vehicles on loop Line,” Tsuneo Yoshikawa, Hitoshi Oka, Tomio Yoshikawa, and Hideo Hanafusa, Systems and Control, vol.24, no.10, pp.690-698 (in Japanese), 1980
3. Best Paper Award (July 1985)
Society of Instruments and Control Engineers
“Analysis of redundancy of Articulated Manipulators and its Application to Tasks with Priority,” H. Hanafusa, T. Yoshikawa and Y. Nakamura, Trans. Society of

Instrument and Control Engineers, Vol. 19, pp. 421-426 (in Japanese), 1983.

4. Sawaragi Memorial Best Paper Award (May 1991)

Society of Systems, Control and Information Engineers

Tsuneo Yoshikawa, Toshiharu Sugie, and Junichi Imura: Digital Robust Control of Nonlinear Mechanical Systems, Transactions of the Institute of Systems, Control and Information Engineers, vol.3, no.9, pp.298-309 (in Japanese) (1990)

5. Best Paper Award (July 1991)

Society of Instruments and Control Engineers

“Maneuverability of Master-Slave Telemanipulation Systems,” Yasuyoshi Yokokohji and Tsuneo Yoshikawa, Trans. Society of Instrument and Control Engineers, vol.26, no.5, pp.572-579 (in Japanese), (1990)

6. Best Paper Award, Takeda Award (July 1994)

Society of Instruments and Control Engineers

“Internal Stability and L2 Gain of Nonlinear Systems – Derivation of Bounded Real Condition -,” Junichi Imura, Toshiharu Sugie, and Tsuneo Yoshikawa, Trans. Society of Instrument and Control Engineers, vol.29, no.6, pp.659-667 (in Japanese) (1993)

7. Best Paper Award (November 1996)

JDSMC, ASME

Tsuneo Yoshikawa, Yasuyoshi Yokokohji, Tomoharu Matsumoto, and Xin-Zhi Zheng: Display of Feel for the Manipulation of Dynamic Virtual Objects, ASME J. Dynamic Systems, Measurement, and Control, Vol. 117, No. 4, pp. 554-558 (1995)

8. Best Conference Paper Award (April 1997)

ICRA, IEEE

Tsuneo Yoshikawa, Akihiro Nagura: A Touch and Force Display System for Haptic Interface, Proceedings 1997 IEEE International Conference on Robotics and Automation, Vol.3, pp.3018-3024(1997)

9. Best Paper Award & Sunahara Memorial Award (May 1998)

Society of Systems, Control and Information Engineers

Tsuneo Yoshikawa, Jun-ichi Imura, and Ryuji Haruna: Identification and Control of Nonlinear Dynamic Systems by Hybrid Neural Networks, Transactions of the Institute of Systems, Control and Information Engineers, vol.9, no.3, pp.127-136 (in Japanese) (1996)

10. Achievement Award (June 1998)

Division of Robotics and Mechatronics, Japan Society of Mechanical Engineers

For seminal contributions in developing the basic concept and index measure of manipulability, control methods for robot hand manipulation, and dynamic control algorithms for robot manipulators.

11. IEEE Fellow (January 2000)

For contributions to the analysis and control of robotic mechanisms

12. Outstanding Paper Award (September 2000)

The Virtual Reality Society of Japan

Yasuyoshi Yokokohji, Yoshihiko Sugawara, and Tsuneo Yoshikawa: Accurate Image Overlay on Head-Mounted Displays Using Vision and Accelerometers, Transactions of the Virtual Reality Society of Japan, vol.4, no.4 pp.589-598 (in Japanese) (1999)

13. JSME Fellow (March 2002)

Japan Society of Mechanical Engineers

14. Outstanding Paper Award (March 2005)

Fanuc FA Robot Foundation

Jun Ueda and Tsuneo Yoshikawa: Robust Arm Configuration of Manipulator Mounted on Flexible Base, Journal of the Robotics Society of Japan, vol.20, no.5, pp.537-542 (in Japanese) (2002)

15. RSJ honorary member (March 2012)

Robotics Society of Japan

16. Education Award (April 2021)

Japan Society of Mechanical Engineers

Book: T. Yoshikawa: Foundations of Robot Control, Corona Publishing Co. Ltd. (1988) (in Japanese)

The book has gone through more than 30 editions and contributed significantly in educating engineers and researchers in the field of robotics and mechatronics.

Professional Activities (selected)

Domestic

1. Director (March 1984-March 1986)

In Charge of Projects, Robotics Society of Japan

2. Conference Chair (November 28 – 30, 1985)

The Third Conference of Robotics Society of Japan, Osaka

3. Director (March 1991-March 1993)

In Charge of journal, Robotics Society of Japan

4. Vice President (March 2001-March 2003)

Robotics Society of Japan

5. President (March 2003-March 2005)

Robotics Society of Japan

6. Auditor (March 2006-March 2008)

Robotics Society of Japan

7. Director (May 1989-May 1991)
In Charge of journal, The Institute of Systems, Control and Information Engineers
8. Branch Director (February 1999 - February 2000)
Kansai Branch, Society of Instrument and Control Engineers
9. Director (April 2002-March 2004)
In Charge of Projects, The Institute of Systems, Control and Information Engineers

International

1. Conference Chair (October 28 - 30, 1993)
Third International Symposium on Experimental Robotics (ISER), Kyoto, Japan
2. Conference Program Vice-Chair (July 11 - 18, 1994)
Japan-U.S.A. Symposium on Flexible Automation, Kobe, Japan
3. Technical Editor (May 1990 – May 1993)
IEEE Trans. On Robotics and Automation
4. Conference Program Vice-Chair (April 22 -28, 1996)
IEEE International Conference of Robotics and Automation, (ICRA 1996),
Minneapolis, Minnesota, USA
5. Program Co-Chair (April 19 – 21 2001)
32nd International Symposium on Robotics (ISR 2001), Seoul. Korea
